## 7. Operation Guide

1. Basic Settings

# 

Anviz brand and product are trademarked and protected under law of the United States. Unauthorized use is prohibited. For more information, please visit www.anviz.com, or send email to sales@anviz.com for more help. ©2019 Anviz Global Inc. All Rights Reserved.

# 4. Character Input Method

- screen.

# 8. Communication Settings

- \* Switch to network\communication mode, select server or client mode
- \* Switch to the network menu and set the Ethernet parameters according to your network environment.
- \* On the management computer, spell the IP address of W1Pro/W2Pro to ensure that it can be worked together. \* When the device has WiFi function, it is suggested that the device should be installed as far away from the metal parts as possible. The distance between the installation location of the device with WiFi function and the router
- should be within 30m.
