Time Management System for Beaconhouse School System

▶ Beaconhouse School Background

The Beaconhouse group is an international private school system with over 194,000 students in nine countries and is possibly the largest school system of its kind in the world. Established in November 1975 as the Les Anges Montessori Academy for toddlers, Beaconhouse has since grown into a global network of private schools, institutes, and universities, imparting distinctive and meaningful education to students from pre-school to post-graduation. Presently it is the largest schooling system in Pakistan.

▶ What Beaconhouse School needs

They were facing much difficulty in manually tracking daily attendance and frequent movement of their staff and required a reliable system to mark attendance and in/out movement of their staff in all branches countrywide.

▶ Our Solution

Hardware: Anviz professional time attendance and access control system OA200

Worldwide super thin, Customizable checking status

Fingerprint, RFID Card, USB pen drive, RS232/485, TCP/IP(WAN), Dry contact output, Wiegand output

Software: Time attendance and access control application

Installation Site: 162 Beaconhouse School branches across all major cities in Pakistan till now

▶ How's going on now

The clock is still ticking and more branches are being added regularly.

We are hopeful to cover all branches in next few months.

We are grateful to our Pakistan partner Digital Links for their support and guidance in completing this project. Digital Links specialize in CCTV, IP Surveillance, Time Management System, Access Control System, Mechanical Security and Walk Through Metal Detectors etc. Digital Links have provided Anviz devices to many renowned and well established Institutions of Pakistan including Warid Telecom, Pakistan Army, Unipet, Cambridge Docs,The Educators and many more.

Anviz continually offer you best solutions!
