Installation Site: All Uruguay 23 McDonald`s Restaurant JUST as the beginning!

ANVIZ ACCEPT
McDonald's Challenge

Outstanding Projects
Backed up by POWERFUL R&D RESOURCES
and REAL MARKET PROTECTION
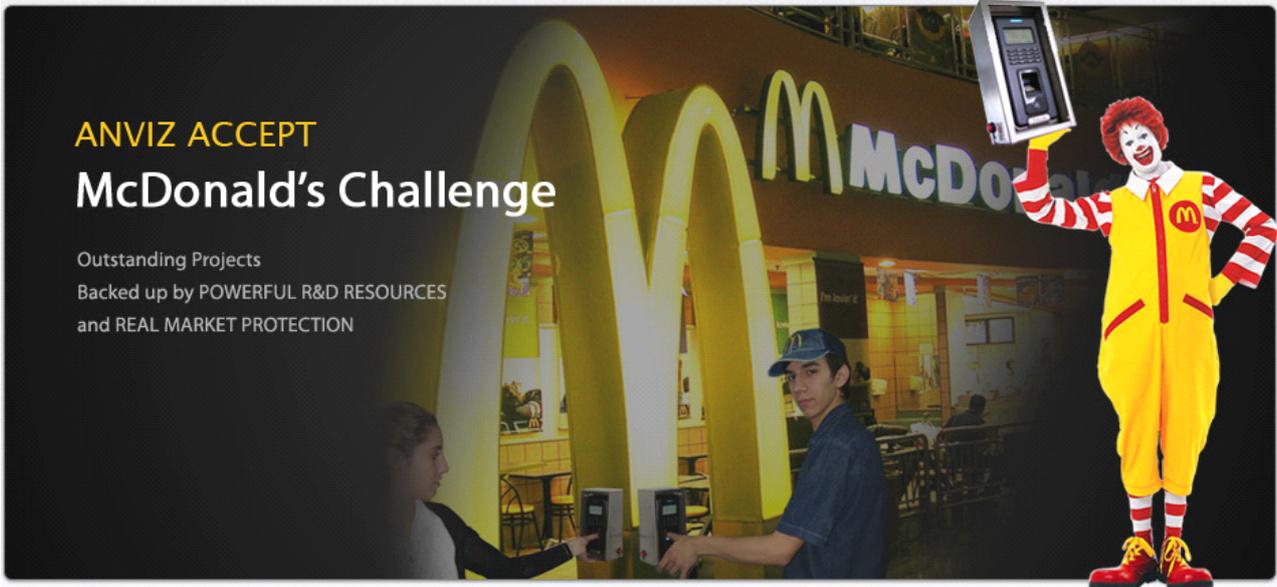

Project Brief Background:

After one whole year project strict challenge, only Anviz Accept It in 100% success again!

McDonald company, choose Anviz T60+ terminal to be used in all 23 McDonald`s Uruguay Restaurant as the beginning from May 2011 for all employees Time and Attendance using.

This is a Pilot Project, will be expanded to all of the other South American countries in the near future!

T60+in McDonald works fine ! Feedbacks from the McDonald South American Project Manager Gonzalo Amaya

Project Requirements VS Solutions:

Strict Requirements:

(1) Friendly Biometric Technology

(2) High transit McDonald restaurant, need High quality and Reliable hardware well protected

(3) Special Firmware Requirements should be meet for Time and Attendance

(4) Completely software integration with McDonald unique T&A schedule

(5) External project hardware integration

Anviz State-of-art Solution for McDonald:
